

NEW LONDON

## ***Dedication***

*We, the senior class of 1959, dedicate our yearbook to Miss Marjorie Harper. Miss Harper has been teaching for forty-five years. She has taught for the last twenty-eight years in the New London school system. Miss Harper is indeed a part of the community and has had a big part in the shaping of the lives of several generations of young people in New London. We pray that she will always have the best that life can offer and that she will always walk in the grace of the Lord.*

# Grades

## *Senior Class of 1959*

*Tuesday, May 26, 1959, the senior class gathered for the last time receiving their diplomas and bidding final farewells to academic life in New London High School. Though each has departed to go his separate way it will not be soon when they will be forgotten, for their accomplishments have been great and the honors which they have reaped are numerous. The people of New London are proud of them for we know that this class is a superior class. And though they are departed we will through the years always be able to see the mark of each of them in the influence which they have passed to those behind them, yes; it will show even in those children who will enroll in New London School as grandchildren and great-grandchildren of those in our school today.*
